

Ascentio Consulting Inc.

Financial management, IT and security, and Splunk data platform services for Virginia public buyers and larger vendors.

Company

Ascentio Consulting Inc., a corporation of the Commonwealth of Virginia incorporated in 2023. On site across Northern Virginia, DC, and Maryland; remote nationwide. ascentioconsulting.com.

Designations

Virginia SWaM certification: Small, Women-owned, Minority-owned, Micro. Certificate 828012, Virginia Department of Small Business and Supplier Diversity (SBSD), valid through September 2028. Verify at directory.sbsd.virginia.gov.

Codes

NAICS: 541219 Other accounting services; 541512 Computer systems design services; 541519 Other computer related services; 541611 Administrative management consulting. Federal registration: none.

Core competencies

- **Financial management and accounting support.** Reconciliations, close support, management reporting, grant and fund accounting support, year-end package and audit request support, system cleanup and migration.
- **IT and security support.** Help desk tier 1 and 2, endpoint management and patching, Microsoft 365 and Google Workspace administration, security control implementation and documentation, questionnaire and assessment support.
- **Data platform and Splunk services.** Deployment, upgrades, Splunk Cloud migrations, data onboarding and normalization, dashboards and alerts, health checks, license optimization, reporting in Power BI, Tableau, and other data visualization tools, engineer labor categories.

Differentiators

- One certified vendor across the finance system, the IT environment, and the data platform.
- Four SWaM categories on one award: small, women-owned, minority-owned, micro.
- Named lead, written scope, and a cost ceiling before work starts; weekly timesheets on hourly work.
- Structured for small purchases, task orders, and larger work packages; we aim to answer data calls within one business day.

Past performance

Commercial references available on request under NDA. Public-sector past performance as prime: none yet; available as a subcontractor.

Contract vehicles

No prime vehicles held. Available to Virginia public bodies under small-purchase procedures and through prime contractors and larger vendors as a subcontractor.

Quality and compliance

No attest services; audits, reviews, and compilations are performed by the client's independent licensed CPA firm. No facility clearance. Client data remains in client systems; access is named, multi-factor protected, logged where the platform allows, and removed at engagement end.
